BACKGROUND: Every five years WIN 'reboots' California's platform for Action that goes to the women's global agenda at the UN. This year LENKA BELKOVA will share the 2017 CAWA report with you for feedback in mapping a state action plan to stop violence against women, focus on girl's needs, climate and water crisis and peace locally and globally

Our overarching focus is **implementing CEDAW ordinances** as a comprehensive policy tool for women's advancement globally and locally. Since there has been no US Women's Platform for Action since 2000, we hope to ignite one for 2017.

PLEASE JOIN US TO MOBILIZE FOR EQUALITY,  
DEVELOPMENT AND PEACE!
